APPENDIX B
BETA RELEASE FORM
PRO FORMA

Name and Version of Product Released	Build Standard Version

© 1990,1994 X/Open Company Limited

B.1 INTRODUCTION

B.1.1 OBJECTIVE OF DOCUMENT

The objective of this document is to summarise the test status of the test system at the end of the Beta acceptance evaluation period. This document also forms the authorisation for the general release of the test system.

B.1.2 SCOPE OF DOCUMENT

This document summarises the Beta testing that has taken place over all the Beta sites. This includes a table of the product and environment combinations against which the test system has been exposed.

© 1990,1994 X/Open Company Limited

B.2 TEST COVERAGE SUMMARY

For each Environment/Product combination an entry should be made in the table. This should include the range of issues of the BETA ACCEPTANCE TEST PLAN used to test the various releases of the test system.

ENVIRONMENT USED FOR BETA TEST	PRODUCT USED FOR BETA TEST	BETA TEST PLAN REFERENCE

NOTE: create additional tables if necessary.

B.3 REWORK PROGRAMME

Define outstanding rework.

B.4 DEVIATIONS

Define any special conditions or peculiarities of the release in this section,
in particular any deviations from the generic acceptance procedures should be defined.
